Type BBSO: case-hardened steel, zinc plated, colorless passivated (code ZI), for sheet metal hardening up to HRB-80.

Type BBSOS: Stainless steel 18/8 (AISI300), passivated, aluminum on request, for sheet hardness up to HRB-70.

Typ BBSO4: stainless steel 18/8 (AISI300), passivated, for sheet hardness up to HRB-88
